

**No matter what might come your way,  
you have dependable backup power**

Be prepared for everything from power outages to  
projects to parties

# Portable Generators - 5500 & 7500 Watts

Get the assurance that no matter what might come your way, you have a dependable backup power supply.

A Honeywell portable generator let's you be prepared for everything from power outages to projects to parties. Designed for years of reliability and ease of use, Honeywell portable generators provide backup power at home or away. Home emergency, events, power tools, and more - there's peace of mind knowing you have a backup power solution ready to go when you need it.

## Features

### Built to last:

With a steel frame protecting the engine from damage, a Honeywell portable generator is ideal for home emergency, events, power tools and more. The Generac OHV engine is built to handle the long run times sometimes required during an outage.

### User-friendly control panel:

The updated design features an all-in-one control panel with easily accessible and intuitively placed controls.

### Engine protection:

Low-oil shutdown detects low oil level and shuts the engine down to prevent potential engine damage.

### Easy to transport and store:

Heavy-duty wheels increase maneuverability over uneven terrain and the sturdy, locking, fold-down handles make it compact for storage.

### Touch button electric start:

7500E features touch button electric start for hassle-free start up, which can be important in the event of a home power outage. Battery included.
